Welcome

Dear Colleague,

The Pituitary Society has reached a milestone – the Tenth International Pituitary Congress. Held at Fairmont Chicago, June 2007, the program will present an exciting group of member and guest international experts in pituitary problems. It will include distinguished clinicians and clinical researchers, fellows in training, and experts in basic science. As usual we will present cutting edge in-depth topics that will permit each attendee to become familiar with the latest trends in pituitary endocrinology. The format of the meeting is intended to facilitate maximum interaction and free exchange of ideas among the participants and speakers.

As is customary, this meeting follows the ENDO 2007 Meeting, which means that the Tenth International Pituitary Congress will begin on the morning of Wednesday June 6th and end the night of Thursday June 7th 2007, with our 10th Anniversary Gala. The meeting will be held at The Fairmont, Chicago. It is a lovely venue that will encourage excellent science and great fun. Anyone who has attended one of our Congresses can attest to the beautiful and elegant surroundings, wonderful science, and excellent entertainment.

This guide provides details of the scientific program, as well as information concerning registration, accommodations and abstract submission. Abstracts selected for poster presentations will be published in the Pituitary Society journal, 'Pituitary', to be distributed at the conference. If you would like your abstract to be considered for an oral presentation in the HOT TOPICS session of the program, please indicate with your abstract submission. In addition, a young investigator selected from those submitting abstracts will give a NEW and SPECIAL LECTURE this year called The Pituitary Society Young Investigator Presentation.

We hope you will join us at the Tenth International Pituitary Congress for two days of excellent science and companionship.

DEADLINES

Abstract deadline	Monday March 26, 2007
Advance registration deadline	Monday April 2, 2007
Standard registration deadline	Wednesday May 9, 2007
Late registration deadline	After Wednesday, May 9, 2007

Abstract submission details

Abstracts are warmly invited for submission to this meeting. Abstracts can be submitted on-line at <http://www.pituitarycongress2007.com>. The abstract deadline for the meeting is Monday March 26, 2007. Abstracts accepted for the meeting will either be presented orally as part of the 'Hot Topics' session or as a poster. If you would like to be considered for the hot topics session please indicate on the on-line abstract submission form.

If you are unable to submit your abstract online then please submit your abstract on a blank sheet of paper to the Congress Secretariat with a copy on disk in text format. Your abstract must be no longer than 300 words including numbers and symbols to the Congress Secretariat.

Abstracts arriving after March 26, 2007, will not be considered. Please note that faxed abstracts cannot be accepted.

Please read the following guidelines thoroughly before preparing your abstract. The scoring committee will not consider abstracts which have not been prepared in accordance with these instructions.

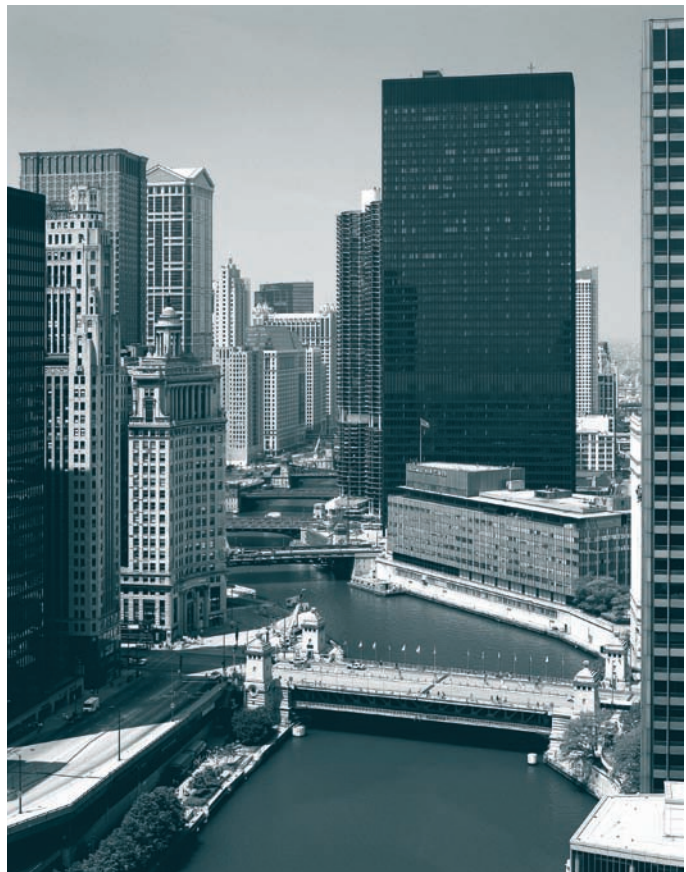

- 1) Abstracts must be submitted in English
- 2) The abstract should be as informative as possible
 - a. State the specific objective of the study
 - b. State the methods used, including statistical analysis. If pertinent; state whether experiments were in vivo or in vitro; if in vivo, state whether animal was anaesthetized or unanaesthetized
 - c. Summarize results obtained in sufficient detail to enable review and classification of the abstract
 - d. State conclusions reached based on the results as they appear in the abstract
 - e. When experiments are performed on human subjects and local Ethical Committee approval has therefore been obtained, this should be stated on the abstract
 - f. Statements such as 'results will be discussed', 'data will be presented' can not be accepted
- 3) Abstracts will be reproduced exactly as submitted. Any typing error will be visible on publication

Poster presentations

Posters will be on display throughout the meeting and should be setup from 3 pm to midnight on Tuesday June 5th. Posters should be dismantled by 5:30 pm on Thursday June 7th.

INSTRUCTIONS FOR POSTER PRESENTATIONS

Posters should be prepared in advance, should strictly adhere to the submitted abstract and should be brought in person by the participants. The dimensions of the poster boards are 8' wide and 4' high. Posters should be legible from 3'. Therefore the title of your poster, which should be the same as your abstract, should use letters at least 1" high. The names of the author(s), institutions, city, state (if relevant) and country should be clearly indicated. It is advisable to organize the posters into sections: introduction, methods, results and conclusions. The use of color is recommended. Materials for assembling posters will be provided (push pins and velcro).
